

SEMINARWEEK

Professur Marc Angélil

EASTOPIA POLAND

WARSAW

TYCHY

The seminar week will take us to Poland, where we will tour the cities of Warsaw, Katowice, Tichy and the Auschwitz concentration camp.

Our focus is the once so hopefully proclaimed, highly constructed socialist landscape and its specific way of life. Additionally, we will investigate the urban mutations since the fall of the Iron Curtain.

For the students of the design studio “Eastopia Poland” participating in the seminar week is strongly recommended.
